GEOMETRIC FUTURE
DESIGN | MANUFACTURE | INNOVATE

JUNIOR

ESKIMO 24/36

Eskimo juno AIO in one liquid cpu cooler including 240mm&360mm,Equipped with special make Squama 2020B series "Rocket" Fans with excellent cooling performance and low noises.

GEOMETRIC FUTURE
DESIGN | MANUFACTURE | INNOVATE

SPECIFICATIONS

Model	Eskimo junior 24
Water Block Dimensions(L*W*H)mm	79 x 79 x 53
Thermal Compound	Nanite cylinder type high thermal conductive silicone grease 4W/mK
(INTEL) CPU SOCKET SUPPORT	LGA1700/1200/1151/1150/1155/1156/1700/2011(v3)/2066 *
(AMD) CPU SOCKET SUPPORT	TR4/SP3/AM4/AM3+/AM3/AM2+/FM2+/FM2 *
Tubes Length	400
Tubes Material	Rubber with Nylon braided sleeve
LED Modes	Controller Built-in LED
Pump	Internal Pump
Pump Speed +/-10% RPM	2600
Bearing Type	Ceramic bearing
Noise Level (dBA)	< 19
Max Flow (Liter/h)	1.4
Input Voltage (V)	12
Input Current/Per Fan(A)	0.25
Input Power/Per Fan(W)	3
Mean Time Between Failure(H)	> 50000
Radiator	Square radiator
Dimensions(L*W*H)mm	277 x 120 x 27 mm
Enclosure Technics	Painting&printing
Materials	Aluminum
Connectors	Aluminum Pogoda Shape Connectors

FAN	SQUAMA 2020B x 2
Dimensions(mm)	120 x 120 x 25
PWM Speed Mode +/- 10% RPM	2000
Noise Level (dBA)	21
Air Pressure (mmH2O)	2.93
Airflow (CFM)	69.9
LED Modes	Aloise PWM control ARGB control

Model	Eskimo junior 36
Water Block Dimensions(L*W*H)mm	79 x 79 x 53
Thermal Compound	Nanite cylinder type high thermal conductive silicone grease 4W/mK
(INTEL) CPU SOCKET SUPPORT	LGA1700/1200/1151/1150/1155/1156/1700/2011(v3)/2066 *
(AMD) CPU SOCKET SUPPORT	TR4/SP3/AM4/AM3+/AM3/AM2+/FM2+/FM2 *
Tubes Length	400
Tubes Material	Rubber with Nylon braided sleeve
LED Modes	Controller Built-in LED
Pump	Internal Pump
Pump Speed +/-10% RPM	2600
Bearing Type	Ceramic bearing
Noise Level (dBA)	< 19
Max Flow (Liter/h)	1.4
Input Voltage (V)	12
Input Current/Per Fan(A)	0.25
Input Power/Per Fan(W)	3
Mean Time Between Failure(H)	> 50000
Radiator	Square radiator
Dimensions(L*W*H)mm	397 x 120 x 27 mm
Enclosure Technics	Painting&printing
Materials	Aluminum
Connectors	Aluminum Pogoda Shape Connectors

FAN	SQUAMA 2020B x 3
Dimensions(mm)	120 x 120 x 25
PWM Speed Mode +/-10% RPM	2000
Noise Level (dBA)	21
Air Pressure (mmH2O)	2.93
Airflow (CFM)	69.9
LED Modes	Aloise PWM control ARGB control

PACKAGE CONTENT

ESKIMO JUNIOR 24

A. Intel Mounting Bracket x2
B. Fan x2
C. AMD Mounting Bracket x2
D. Intel CPU Backplate x1
E. Standoff Screws x4 (12in)
F. Standoff Screws x4 (25in)
G. Standoff Screws x4 (20in)
H. (AM) Radiator x1
I. Standoff Screws x4 (AM3)
J. Fan Screws x8
K. Thumbscrew Cap x4
L. Radiator Screws x8
M. PWM Cable x1
N. ARGB Cable x1
O. ARGB One-Click Controller x1
P. Thermal Compound x1
Q. Silicone grease spoon x1

ESKIMO JUNIOR 36

A. Intel Mounting Bracket x2
B. Fan x3
C. AMD Mounting Bracket x2
D. Intel CPU Backplate x1
E. Standoff Screws x4 (12in)
F. Standoff Screws x4 (25in)
G. Standoff Screws x4 (20in)
H. (M) Radiator x1
I. Standoff Screws x4 (TR4)
J. Standoff Screws x4 (AM3)
K. Fan Screws x12
L. Thumbscrew Cap x4
M. Radiator Screws x8
N. PWM Cable x1
O. ARGB Cable x1
P. ARGB One-Click Controller x1
Q. Thermal Compound x1
R. Silicone grease spoon x1

HOW TO ASSEMBLE

Install Fans

1. Install Fans to Radiator

2. Install Fan Screws

Install the CPU Cooler

1. Remove the protect film from the cover plate.
2. Apply the thermal compound on the CPU surface, and then install the cover plate on the CPU surface.
3. Install Mounting Bracket
4. Install the Backplate
5. Install the Standoff Screws
6. Install the Radiator
7. Install the Fans
8. Install the Thermal Compound
9. Install the Pump
10. Install the Water Pipe

Install Fans and Radiator combo to the PC chassis and tighten them

Installation Completion

Connection Cables

Fans/ARGB Cable Connecting to the motherboard

ARGB One-Click Controller Installation

If your motherboard does not support ARGB, offset you could use the included ARGB One-Click Controller to connect to your PSU's SATA cable and the Addressable Cable in order to use the different of lighting effects.

Tap the button to change the lighting modes which is as shown in the below. (Hold the button for 2 seconds to turn on or off the lights.)

	GEOMETRIC FUTURE yellow and orange is recommended		
1	Single color gradient	5	Lighting turns red, green, blue, yellow, purple, white
2	Color jump presets	6	Breathing Red, green, blue, yellow, purple, white
3	Colorful flow	7	Flow: Red, green, blue, yellow, purple, white

PRECAUTIONS

- Install in accordance with the user manual's instructions.
- Please wear electrostatic discharge (ESD) rings and protective gloves when installing the PC.The products or components to be operated by power supply must be connected in the correct way and free sequence. Otherwise, hardware such as the computer motherboard may be burned down and personal injury may occur.
- Do not use this product for any purpose other than the specified ones, and do not modify this product to avoid failure and damage to the product and related components.
- To move the product and its contents, please remove all components of the product before operation to avoid damage to the product and related components,and prevent personal injury.
- If you encounter any questions about product assembly or use, please consult the official customer service in time to obtain correct guidance before operation.
- If the product and components are damaged due to unauthorized assembly,you will pay for the repair and the replacement for the components.
- Do not insert foreign materials into the fan blade, so as not to damage the normal operation of the product.
- Do not modify the original factory cable and power, and in order to avoid short circuit which may burn down the products.
- Do not touch the impeller while the fan is running to avoid injury or damage to the products.
- Please keep the product in a computer case and keep this product away from any liquids.
